Deanne spent a lot of time communicating back and forth between myself and resort personnel then provided a comprehensive comparison report that assisted us greatly in choosing which resort was best for us. She also negotiated on details that we felt were important for our team event, which in turn saved our company money. I have had 2 wonderful experiences working with HelmsBriscoe on our company events and would highly recommend them to anyone needing assistance in planning a company event.

To whom it may concern:

Over the past half-year, I've had the pleasure of collaborating with Deanne for our company's annual Notified Body Training. Deanne's exceptional talents, considerate approach, and delightful personality have made our collaboration not only productive but thoroughly enjoyable. Her acute understanding of our business needs and budget constraints was highly commendable. Despite the challenges we faced in securing a suitable venue within our budget this year, Deanne adeptly navigated us through these hurdles with grace and expertise. Even during the holiday season, she went the extra mile to ensure that our event contract was finalized, showcasing her commitment to our project's success.

I look forward to continuing to work with Deanne on upcoming projects. Her exemplary dedication and skill set make her an invaluable asset, and I am confident that our future endeavors will be equally successful under her guidance.

Sincerely,

Taylor Nordhagen

Deanne was so wonderful to work with. I found her a bit late in my venue search, but once I did, she reacted quickly, was so responsive to my needs and questions, and provided great guidance and recommendations with a sense of urgency. Once we decided on a venue, she was so helpful in working out contract details and was always on point to send me reminders of deposit payments or other contract requirements along the way! I will be utilizing her for all future retreats and offsite meetings!
